Admissions Policy

Last reviewed/ revised: October 2021

Admissions decisions take into account a variety of factors. Whilst it is important that we are confident that prospective pupils will thrive academically at Bradfield, we also consider what wider contribution prospective pupils will make to the Bradfield community. We are looking for young people who will flourish and develop individually, but we are also looking for those whose presence in the College will have a positive impact on the experience of others at the School. We offer places for entry into Years 9, 10, 11 and 12 (A-level or IB).

We are committed to look favourably on siblings and applicants with strong connections to the College, so long as they meet our selection criteria and appear likely to prosper personally and academically.

Protocol for appointment of Guardians

As stated in the College's Terms and Conditions (paragraph 8g) it is the responsibility of parents resident outside the UK to appoint an Education Guardian.

In exceptional circumstances (eg. HMC European Scholar) the College will appoint the Guardian. In these circumstances, the College will include the Guardian, and Host family where applicable, on the Single Central Register, and will verify the suitability of accommodation and monitor the care of pupils.

If a Guardianship Agency is used, the College will verify that these checks have been conducted and that monitoring is taking place, via a Memorandum of understanding.
